SUMMARY

Corporate Finance graduate from International University, pursuing ACCA certification, with hands-on Big 4 experience in financial due diligence, 3-statement financial modeling, and valuation analysis across real estate, manufacturing, energy, and consumer sectors. Skilled in structuring, reconciling, and analyzing large financial datasets using Excel and PowerPoint, Power BI to support research-driven decision-making. Strong grounding in IFRS financial reporting, business/industry research, and analysis, with a keen interest in macroeconomic research and investment analysis.

WORK EXPERIENCES

KPMG Tax and Advisory Limited Branch

11/2025 - 04/2026

Financial Due Diligence Intern, Deals Advisory

- **Financial modeling & analysis:** Extracted and structured financial data from target companies' financial statements and annual reports into Excel models to support due diligence reports, valuations, and M&A transactions across real estate, manufacturing, energy, and confectionery sectors.
- **IFRS reporting:** Prepared financial statements, balance sheets, and income statements in accordance with international accounting standards (IFRS) as part of due diligence financial analysis.
- **Data reconciliation:** Performed trial balance and general ledger reconciliations in Excel (mapping GL accounts, SUMIFS, VLOOKUP), ensuring accuracy and IFRS compliance before inputting into financial templates.
- **Data processing:** Processed and cleansed raw financial datasets using Power Query, Power BI, and Pivot Tables to ensure data accuracy and readiness for analysis - directly analogous to structuring datasets for investment research.
- **Research:** Conducted desktop research on due diligence subjects, including industry benchmarks, financial performance, and risk factors of target companies; leveraged AI tools to accelerate data processing and research turnaround.
- **Reporting & communication:** Assisted in preparing due diligence reports and internal documentation; designed and visualized financial data charts in PowerPoint for team and client presentations.

Co-operative Bank of Vietnam

06/2024 - 10/2024

Finance Intern

- Cross-checked and inputted financial data from customer documents into internal systems.
- Verified documentation accuracy and compliance with internal policies.
- Conducted quick analysis of business clients using credit and financial metrics.
- Supported day-to-day finance operations and ad-hoc reports.

PROJECT

Financial Modeling & Valuation - Binh Duong Water Environment JSC ([Link here](#))

02/2025 - 05/2025

- Conducted horizontal & vertical analysis on financial statements to evaluate operational trends.
- Built a 3-statement model (P&L, BS, CF) with assumptions aligned to industry benchmarks.
- Simulated best/worst-case scenarios to assess investment feasibility.
- Evaluated business performance using KPIs and financial ratios (efficiency ratio, liquidity ratio, solvency ratio).

Result: Scored 90/100 with positive feedback for analytical depth and business insights.
