SUMMARY

Corporate Finance graduate from International University and actively pursuing ACCA certification, with hands-on Big 4 experience in financial due diligence, IFRS-compliant financial reporting, Excel-based modeling, and M&A transaction support across multi-sectors. I structure target company financial data into analysis-ready Excel models, reconcile GL accounts and trial balances, and process raw datasets to support deal teams, audit reports and valuation outputs.

WORK EXPERIENCES

KPMG Tax and Advisory Limited Branch

11/2025 - 04/2026

Financial Due Diligence Intern, Deals Advisory

- Extracted and structured financial data from target companies' financial statements and annual reports into Excel models to support due diligence reports, valuations, and M&A transactions across real estate, manufacturing, energy, and confectionery sectors.
- Prepared financial statements, balance sheets, and income statements in accordance with international accounting standards (IFRS) as part of the due diligence financial analysis process.
- Performed trial balance and general ledger reconciliations in Excel (mapping GL accounts, SUMIFS, and VLOOKUP), ensuring accuracy and IFRS compliance in GL entries and financial documentation before inputting into financial templates.
- Processed and cleansed raw financial datasets using Power Query, Power BI, and Pivot Tables to ensure data accuracy and readiness for analysis.
- Leveraged proprietary AI tools to accelerate data processing and research workflows, reducing manual effort and turnaround time on due diligence tasks.
- Reviewed, verified, and categorized legal and commercial contracts as part of the due diligence workflow.
- Conducted desktop research on due diligence subjects, including industry benchmarks, financial performance, and risk factors of target companies.
- Assisted in preparing due diligence reports and internal documentation; designed and visualized financial data charts in PowerPoint for team and client presentations.
- Demonstrated strong communication and collaboration skills across workstreams, actively seeking feedback and taking initiative to deliver quality outputs.

Co-operative Bank of Vietnam

06/2024 - 10/2024

Finance Intern

- Cross-checked and inputted financial data from customer documents into internal systems.
- Verified documentation accuracy and compliance with internal policies.
- Conducted quick analysis of business clients using credit and financial metrics.
- Supported day-to-day finance operations and ad-hoc reports.
